- ✓ Certified by an accredited certification body (with evidence of a certificate).

## PRODUCT CERTIFIED

### Disclaimer:

The advice provided in this publication is general in nature. You should consult the manufacturer of each product for the latest, more accurate information about the product and its use. You should check with the designer or specifier for the project you are working on to ensure the product and its method of installation are suitable for that project. The Engineered Wood Products Association of Australasia Ltd. (EWPAA) and its members (listed on our website) will be pleased to answer your queries. We provide this publication to you on condition that we will not be liable for any claim you might make for damage arising directly or indirectly from your use of the information in the publication.

## Formply Branding

Manufacturer's Name

Standard Number

Surface Quality

Formaldehyde Emission

Stress Grade\*

Construction Code or  
Section Properties\*

\*Can be excluded if  
product literature covers  
structural performance.

# FORMPLY TO AVOID

Photos (L&R) courtesy of CFMEU NSW.

- ✘ Not properly branded (and that's just what you can see!)
- ✘ Delamination
- ✘ Severe disfiguring marks
- ✘ Missing overlay
- ✘ Non-smooth edges
- ✘ Significant twisting or bowing of edges
- ✘ Significant or numerous edge gaps (>10mm in 300mm)
