

Why you should choose

BIG RIVER ARMOURFLOOR® FLOORING

Real Australian timber WITH REAL BENEFITS

- Engineered from 5 layers of Australian eucalypt hardwood. Total thickness of 14mm
- Special cross-ply construction that creates an extremely stable floorboard that has been tested to endure Australia's harsh climatic conditions as well as installation over heated slabs.
- Choice of 4 beautiful native hardwood species with their own unique colours and natural markings
- Supplied uncoated for custom finishing on-site
- Choice of board widths and lengths
- Easy tongue-and-groove installation
- Easy to maintain
- Priced competitively to ensure good value
- A smart investment in your home and Australian lifestyle.

Australian QUALITY AND HERITAGE

- Real native eucalypt hardwood veneer bonded to a cross-ply structure of Australian hardwood
- Sourced and manufactured on the east coast of Australia from sustainable regrowth and plantation forests under Australian Forestry Standard (AFS) Chain of Custody certification
- Over 100 years and 4 generations of Australian timber expertise. The Pidcock family has built the company's reputation on quality and innovation. Big River Group has operations in all major capital cities and is a leading manufacturer of timber flooring and plywood to Australia and overseas markets.

ARMOURFLOOR® AUSTRALIAN HARDWOOD FLOORING

AUSTRALIA'S MOST

Stable timber flooring

BIG RIVER ARMOURFLOOR® is sourced and manufactured in Australia from sustainable native eucalypt hardwoods. Every board is engineered from 5 layers of Australian hardwood veneers bonded in a cross-ply structure for extreme stability. It is supplied uncoated for custom finishing on-site and is available in 4 beautiful native species. Australian Armourfloor® is only available from Big River and their approved resellers.

How to select

BIG RIVER ARMOURFLOOR® FLOORING

SUPPLIED *uncoated*

If you are inspired to create your own look and décor then Big River Armourfloor® is the right choice for you. Big River Armourfloor® has all the structural benefits and beauty of an engineered Australian hardwood board but can be sanded and finished (stained, oiled, waxed, polished or coated) to your individual requirements on-site like a conventional floorboard.

Blackbutt

Spotted Gum

Flooded Gum

Sydney Blue Gum

RANGE OF *Native Species*

Choose from our range of naturally beautiful native eucalypt hardwoods to suit your individual application and lifestyle.

RANGE OF BOARD *widths and lengths*

Armourfloor® is available in board widths of standard 138mm and wideboard 189mm. The standard length is generally 1800mm but boards can be supplied up to 2400mm subject to availability. Armourfloor® flooring packs delivered to site include 30% random lengths to assist in the flooring layout.

EASY TO *install*

The structural integrity of Big River Armourfloor® floorboards makes it ideal for a wide range of applications using a variety of installation methods:

- Tongue-and-groove floating floor over concrete or timber sub floors
- Glued directly to concrete sub floors - including heated slabs
- Glued directly to underlay fixed to concrete or timber sub floors.

Big River Armourfloor® does not require a plywood underlay or acclimatisation prior to installation.

EASY TO *maintain*

Once installed your Big River Armourfloor® requires minimal maintenance. Regular sweeping or vacuuming to remove dust and grit plus wiping with a damp cloth that has been wrung dry is all that is required.

GUARANTEED

- Lifetime Structural Warranty*
- Australia-wide sales, support and technical service.

BIG RIVER ARMOURPANEL® UNCOATED ENGINEERED AUSTRALIAN HARDWOOD PANELLING

AUSTRALIA'S STRONGEST *decorative plywood*

- In unexposed applications, such as internal flooring, the structural properties of ArmourPanel® hardwood far exceed any other plywood product manufactured in Australia. Its high spanning capabilities can withstand higher point loads or provide wider joist spans to save on materials
- Ideal as flooring, ceiling or wall linings in hard wearing internal areas
- Engineered from Australian eucalypt hardwood sheets bonded in a special cross-ply structure to form a strong, solid and stable panel
- Designed, tested and approved to tolerate extremes of heat and humidity, and to resist shrinkage
- Choice of 4 beautiful native hardwood species with their own unique colours and natural markings – Blackbutt, Spotted Gum, Sydney Blue Gum and Flooded Gum. See timber swatches for Armourfloor®
- Every panel is unique and natural - no two panels are alike and there are no pattern repeats
- Supplied uncoated for custom finishing on-site
- Choice of standard panel sizes: 2400 x 1200mm and 1800 x 1200mm
- Choice of standard panel thickness: 15mm, 18mm and 21mm
- Can be supplied cut to size within normal sheet sizes (2400mm x 1200mm and 1800mm x 1200mm)*
- A smart choice for residential and commercial applications requiring strength, durability, stability and impact resistance in a beautiful Australian hardwood finish.

GUARANTEED

- Lifetime Structural Warranty*
- Lifetime limited warranty against warping, buckling or bond failure under normal use.

Armourpanel® is only available from Big River and their approved resellers.
