WHY YOU SHOULD CHOOSE BIG RIVER ARMOURCABINETRY FOR YOUR *cabinetry and joinery*

- Engineered from a 16mm moisture resistant MDF (MRMDF) core with a 1.0mm Australian timber face bonded to each side to form a strong, solid and stable panel that is easy to work with – particularly CNC.
- Designed, tested and approved to tolerate extremes of heat and humidity, and to resist warping.
- Choice of beautiful native species each with their own unique colours and natural markings - Blackbutt, Spotted Gum and Hoop Pine.
- Every panel is unique – no two panels are alike and there are no pattern repeats.
- Supplied uncoated for custom finishing.
- Choice of standard panel sizes (mm): 2400x1200mm, 2400x600, 2000x1200, 1800x1200, & 1200x1200. Matching edge strip is also available.
- Stock availability and delivery through the Big River nationwide distribution network.
- Backed by the experience and expertise of the Big River Group. Big River began in the early 1900s as a family owned timber business. Today, it has advanced and established a position as a major Australian building materials distributor, supplying an extensive range of high quality timber, builders hardware, building supplies and services for the residential, commercial, industrial, building and construction industries.

A smart choice for residential and commercial cabinetry and joinery applications requiring durability, stability and impact resistance in a beautiful Australian timber finish.
